

In September 2007 Draft Road Orders were published which show the proposed route for the scheme and the associated junctions and side roads. Sections of the existing A90 and A96 trunk roads are to be detrunked and Draft Orders for this were also published. At the same time an Environmental Statement was produced which described the Environmental Impact Assessment undertaken. These documents are provided as part of the statutory consultation process to enable the public to support, comment or object to the scheme.

Draft Compulsory Purchase Orders for land and property which is needed for the road were also published in September 2007.

Copies of the Draft Orders and Environmental Statement are available for public viewing at Aberdeen City Council and Aberdeenshire Council offices. A list of other local libraries where these documents may also be viewed is available.

A separate leaflet titled 'Guide to Compulsory Purchase and the Statutory Process' is available at this exhibition and on the AWPR web site www.awpr.co.uk
