

Day Month 2013

Dear resident,

**TRAFFIC MITIGATION MEASURES – A904 MAIN STREET, NEWTON VILLAGE**

We refer to the above project and confirm that we have been awarded the contract by West Lothian Council, in conjunction with Transport Scotland, to carry out works to signalise the junction of Main Street / Duddingston Terrace and to construct a 3 space parking lay-by on the A904 Main Street. It is intended that the works will commence on Monday 12 August 2013 for an estimated duration of 7 weeks.

In addition to this letter, signage will be erected in advance of the works informing the public of the construction dates and relevant contact details for any enquiries relating to the works.

For any emergencies or issues with site working practices, please contact Crummock (Scotland) on 01875 823333. For all other enquiries relating to the works please contact William Cunningham, West Lothian Council, on 01506 282331. Alternatively please contact Transport Scotland's Forth Replacement Crossing 24hr helpline number on 0800 0786910.

We shall endeavour to ensure these works are carried out with as little disruption to the residents of Newton as possible and would like to thank you in advance for your patience and co-operation during this period.

Yours faithfully,

Crummock (Scotland) Ltd
