NOTES: 1. The legend "LEZ" is from Transport Heavy alphabet. For the symbol diameter shown, it is at an x-height of 75 mm. This is changed proportionally for other diameters.

2. The tile outlines do not form part of the sign.

3. COLOURS: Background: GREEN (previously known as light green)
LEZ text: WHITE
An outer white border, 0.5 stroke widths wide, is added when the symbol is placed upon a dark coloured background.

4. DIMENSIONS are given in millimetres.
The size shown is the smallest used on zone entry and exit signs. For other sizes on regulatory signs, the symbol is scaled proportionally to accord with the diameter required.
For use on an informative sign, the dimensions shown relate to a sign of 75 mm x-height. For other sizes of text, the symbol is scaled up or down proportionally to be 20 stroke widths in diameter.
